Cancer Cured.

Mrs. Olive Hardman, an old resident of Walton county, and a lady of culture and prominence, has this to say of the treatment of cancer with Switt's

this ty say of the treatment of cancer with Switz's Specific:

Over affeen yours ago a cancer made its appearance on my face. It was treated wish plasters, and the core came out. The place healed up after some time, and seemingly my face was well. However, in a few years it returned again with more violence than ever. If gave me a great deal of pain. The former remedy seemed to do it no good. Knowing the disease to run in the family, having had one slater to die with cancer. I became seriously upprehensive of my condition. It continued to in crease in size and virulence. I almost gave up all hope of ever being cured. The physicians advise the use of the knife and caustic. This was more than Poould bear, and refused to have it operated upon in that way. All other remedies were used, but the cancer continued to grow worse. The pain was exerutiating, and my life was a burden. In this extremety my son, Dr. Hardman, recommended me to try Swift's Specific. It was the last resort, but I was so prejudiced against the use of patent medicines, and especially this one, that I hesistated some time. At last i gave my consent not believing there was any virtue in it. The first bottle only increased the size of the sore and the discharge from it, and hence did not inspire me with any hope. On taking the second bottle there were signs of improvement, and my faith strengthed in the treatment of my cancer with the meddine diluted with a little water. It softened the soab, cooled the face and relieved the tiching sensation. The spot on my face began to decrease, as well as the discharge, and hope sprang up in my haart. Could it be, I asked myself, that I was a least to be relieved of this disease? It has given may be asset to be tween hope and fear for a long with the morning. There is nothing left to mark the place but a small sear, and I feel that it is impossible for me to express my gratitude for his probability. The place has a small sear, and I feel that it is impossible for me to express my gratitude for his place has a sm

"I ache afl over!" What a common expression; and how much it means to many a poor sufferer! These aches have a cause, and more frequently than is generally suspected, the cause is the Liver or Kidneys. No disease is more painful or serious than these, and no remedy is so

rompt and effective as TTERS.

No remedy has yet been discovered that is so effective in all KIDNEY AND. LIVER COMPLAINTS, MALARIA, DYSPEP-SIA, etc., and yet it is simple and harmress. Science and medical skill have ined with wonderful success those herbs which nature has provided for the cure of disease. It strengthens and invigorates the whole system.

Hos. Thaddeus Stavens, the distinguished Congressman, once wrote to a fellow mem her who was suffering from indigestion and kidney disease: "Try Mishler's Herb Bitters, I believe it will cure you. I have used it for both indigestion and affection of the kidneys, and it is the most wonderful combination of medicinal herbs I ever saw." MISHLER HERB BITTERS CO., 525 Commerce St., Philadelphia.

STATE BOARD OF HEALTH.

Dr. Boots Will Not Insist Upon Being

The State Board of Health, Drs. Lomax, Partridge, Seawright, Fritsch and Elder, held an informal meeting this morning, and this afternoon they proceeded to dispose of the regular business and to consider measures to prevent, so far as it is possible, any possible spread of cholera, or other contagious diseases, in the State. Dr. Boots, of Greenfield, who was appointed a member of the board, under the defective Bryant bill, called upon the other gentlemen this morning and intimated to them that he had no intention of trying to establish his supposed rights by resorting to the courts, because the omission of the enacting clause rendered the bill inoperative. It seems probable, therefore, that the old board wil not be resisted in the discharge of their duties. It was stated by several legislators this morning that the enacting clause was lost from the bill, after it had been passed by the Senate and had been referred to the committee on phraseology of bills. There is no doubt that Mr. Jameson eson detected the omission when the bill was in the House, but refrained from saying anything about it until it was too late to correct the error. In this connection, the fact is recalled that the general law of Indiana, relating to the subject of marriages, enacted about thirty years ago, came to the office of the Secretary of State without an enacting clause, but it was afterwards in serted in the published statutes.
